Kalsarpa Dosha

Rahu and Ketu are two nodes of Moon and they are regarded as full-fledged planets in Vedic Astrology. They are considered as most dreaded planets due to their heavy karmic effects. If all the 7 planets are situated between Rahu and Ketu then Kaal Sarp Yog is formed.

Most of the the Kalasarpa dosha effects are negative, while few can be positive too. Rahu or Ketu gives sudden positive changes which are huge and can happen overnight or within a span of few

days.

What is Sadhesati dosha?

Sadhe Sati refers to the seven-and-a-half year period in which Saturn moves through three signs, the moon sign, one before the moon and the one after it. Sadhe Sati starts when Saturn (Shani) enters the 12th sign from the birth Moon sign and ends when Saturn leaves 2nd sign from the birth Moon sign. Since Saturn approximately takes around two and half years to transit a sign which is called Shani's dhaiya it takes around seven and half year to transit three signs and that is why it is known as Sadhe Sati. Generally Sade-Sati comes thrice in a

horoscope in the life time - first in childhood, second in youth & third in old-age. First Sade-Sati has effect on education & parents. Second Sade-Sati has effect on profession, finance & family. The last one affects health more than anything else.

Gemstone Suggestions

Each planet has its unique corresponding astrological gemstone which radiates the same cosmic color energies as the planet itself. The gemstones work by reflection of positive rays or absorption of negative rays. Two beads connected naturally represents the unified form of Shiva and Parvati. This bead is best for spiritual awakening when worn on the throat region (above collar T bone) or when meditated with this bead above the sahasara (crown of head).

Wearing of this bead expands the universe of consciousness and promotes unity and harmony of the wearer with everyone around him/her. When placed in home, it brings unity and harmony among the members. The Gauri Shankar Rudraksha is probably one that expands one's consciousness to a 360 degrees! You need to feel a strong sense of personal or self-worth. A desire for power through personal possessions, talents and money may engage your energies.

“ Money comes and goes easily.

You are generous and ambitious, but can be extravagant and grasping. You must watch a tendency to be possessive of or lord over people and things.

If the Sun is afflicted by aspect, perhaps you do not feel loved or feel worthy of love.

Sun is in Aquarius sign in your horoscope

You seek to share knowledge with others in order to bring about a better life for all. Group activity is your customary mode of operation. You can be impersonal, unpredictable, and tactless. It is also found that sometimes you are quite rebellious, unconventional and stubborn. This kind of nature just makes you rigid and can cause an obstacle in your success. You are much more concerned with humanity as a whole rather than any one particular individual.

“ Helping others so they can help themselves appeals to you.

Since you generally do not have large, pompous or stuffy egos, you rarely bother to exert themselves to win approval or compliments. You are friendly, yet detached, you have warmth, yet you seem distant. Although appearing cold or aloof, you are not really indifferent to others. Sometimes the people you want to help don't understand these new ways and react negatively toward you. You get excited about bringing new ideas and methods into old, traditional environments.

You are philosophical, visionary and idealistic. Feelings of friendship drive you to try to improve the lot of everyone you can. Sometimes you are simply ahead of your time, although sometimes you are just cranks. You have the determination and persistence to get ahead, but sometimes your energy level is relatively low, which causes you to drop projects before you are completed. Although you generally have good powers of concentration and are able to assimilate a lot of information, there are times when you are just plain absentminded.

“ There is a strong need for communication and for gathering information, which is later shared with people in general or women in particular.

Routine of any kind probably bores you and you are constantly looking for variety. Your ideas change at a

moment's notice and you are forever flexible and adaptable to any situation. Learning is perhaps better accomplished through listening rather than reading. Your mind can be quite emotional at times.

Concerning vocation: the emphasis is on communication and information exchange. Your personality gathers, shares and reacts to information. This position represents the intermediary, the go-between, and the dissemination functions.

Moon is in Pisces sign in your horoscope

Your emotions are expressed sympathetically and compassionately. You are sensitive, kind and gentle, imaginative, shy, tender-hearted, and have an innate understanding of how other people feel and react to situations. Because of your kindness and non-judgmental attitude, people in trouble, pain or confusion come to you hoping to find answers. It is difficult for them to think that you may be in pain yourself, but even if you are, you will do your best to help them or teach them. You seem to sense that all the pain you have suffered is for a higher purpose, if only to teach others or help show them the way. At times, though, your soft-hearted is taken advantage of and then you feel the need to withdraw, to regain your strength and composure.

“ It hurts you if another is hurt.

Music plays an important part in your life and you are instinctively drawn to it. It is as a voice from your spirit's true home. Developing analytical thinking is important, as impulsive thinking will bring difficulties. There can be problems with siblings or neighbors.

There will be many short journeys. Energy is expended in neighborhood activities.

Mars is in Pisces sign in your horoscope

Your energies and aggressions tend to come out in non-combative and noncompetitive ways. You are a bit of a pacifist and do not enjoy tackling anyone or anything head-on in a directly confrontational manner. If necessary, it is more your tendency to give up something rather than to fight for it. Because your ego is not especially interested in personal achievement, glorification, material advantage, or winning at the expense of someone else, you may come across to others as weak-willed or ineffectual. Being on top, being the best, or being first doesn't mean much to you, hence you can be quite happy in a supporting role, working for the benefit of others or for a cause that you believe in.

“ Working around people or situations or working behind the scenes, in secret, is more your preferred style.

You may experience difficulties in planning clear and definite goals for yourself in the real world. You are not sure what you want out of life, except you instinctively seem to know that you do have and need to find a spiritual purpose. You have many dreams, high ideals, and a strong mystical or religious impulse. You also have a creative imagination and can successfully apply yourself to art or music.

You are intuitive, humorous and diplomatic, quiet on the outside, but restless within. On the negative side you can be indecisive, procrastinating, too interested in the sensual side of life, and may resort to using drugs or alcohol as a way to escape the pressures and responsibilities of dealing with everyday life.
